Basketball is a highly competitive, fast-action sport in which physical contact plays a major role. Due to the speed and contact with which the game is played, team members, their families, and coaching staff must accept and share certain responsibilities to enhance safety and enjoyment for participants.

PREPARATION FOR PRACTICE OF CONTEST

1. Be sure all stabilizing straps and laces are properly worn, tightened and all fasteners secured so equipment is properly positioned where appropriate.
2. Wear outer and under garments that are appropriated for humidity and temperature.
3. Players with visual impairment(s) must wear corrective, shatterproof glasses or contact lenses if the impairment affects judgment or perception.
4. Players should consume the necessary amount of fluids as directed by the head coach.
5. Remove ALL jewelry and hair fasteners.
6. Players with seizure, neuromuscular, renal, cardiac, insulin/diabetic, chronic skeletal problems, disorders, diseases, or medically controlled allergies need a physician's approval to participate.

CAUTIONS SPECIFIC TO BASKETBALL

Players will be taught techniques that are approved by the National Federation of State High Schools Association and the Pennsylvania Interscholastic Athletic Association. The following techniques are a major importance for player safety:

1. Play correct defense fundamentally – DO NOT attack the opponent with illegal contact such as pushing, punching, tripping, or hitting.
2. When involved in practice drills, practice in specified practice plan sequences, and in designated areas under direction of the coach (s).
3. Dangerous throwing of the basketball for use other than attempting to shoot or pass the ball is prohibited.

4. Shatterproof glasses or lenses must be worn if needed for perception and judgment. Eyewear specifically designed for contact sports is suggested.
5. Charging or deliberate illegal contact with another player is prohibited.
6. Players on the other team could possibly attempt to trip, punch, or physically harm you.
7. Be alert to correct ways to catch and shoot a basketball.
8. Be alert to basketballs thrown in the course of play before and during practices and contests.

EMERGENCIES

Due to the nature of basketball, injuries will occur. All injuries must be called to a coach's or athletic trainer's attention. However, some may need more intense management and may also require players to:
