

Dear Parents,

A required *Summer Reading and Math Review* has been put together for each of our elementary grades (students entering First Grade through Fifth Grade.) The updated information will be available on our HCS website ([www.harrisburgchristian.com](http://www.harrisburgchristian.com)) as of June 1<sup>st</sup>. It is my prayer that each child will be wise in keeping their heart and mind busy with good things over the summer months and these packets have been put together to help each one do just that. It will also help each child maintain their current level of academic progress and prepare them even further for the next grade level.

The packets may be downloaded from our HCS website for your child's use this summer. If you are interested in using the packet but are unable to download it, please contact the Main Office to make arrangements to receive a packet for your child.

HCS will acknowledge those students who complete their packets and turn them in on the first day of school with a snack card. Parent signatures will be required to show that the children did the work over the summer. The students will also receive a grade for both their reading and math work. If the work is not turned in, it will receive a grade of zero.

I am hoping that you and your child will enjoy time together this summer and will also enjoy the challenges of the Reading and Math packet. It will help to make them even better "Koala-fied" for their classes next year.

Have a blessed summer!

In His Service,  
Evelyn C. Kalbfleisch  
Elementary Principal

"Whatsoever ye do, do it heartily, as unto the Lord." Colossians 3:23
